

Introducing....

Lenses South

Steam's last years around Sydney and in the South of NSW

Following the success of *Northern Exposures*, which sold out in just over six months, we have been busy with the sequel featuring steam operations in Sydney and the Southern regions to Albury. **Lenses South** will carry on the quality design for which the **Cadeco** brand is renowned. It features regional sections, railway operations, personal stories and comprehensive captions.

Lenses South must be seen to be believed! At 192 pages this book is bristling with sparkling colour images taken in a truly creative style:

For the devotee of history:

- Marvel at shots of the mighty 57s south of Goulburn
- View speedy 38s on the Riverina Express to Albury
- Double-headed 36s and many other combinations.
- Canberra, Crookwell, Richmond, Temora and the Sydney Metrop. Region.

For the fan of photographic excellence:

- Some of the images are **as good as it gets** for steam age NSW

This is a limited print run and will sell out. It is a must for every NSW railfan's collection

Here is what the ARHS NSW General Manager had to say about Northern Exposures:

"Probably the best photographic NSW railway book ever released." - Ross Verdich

Lenses South will be sold at Transport Heritage NSW, ARHS (NSW Div), enthusiast bookshops and selected hobby stores. Delivery is expected in June 2016. Order your copy now **in a special protective cover** at a pre-sale price of just \$85 including free delivery or phone **John Gaydon on 0411 139 312** email john@pems.com.au for more information.
